Charles, my session with you was one of the greatest experiences I have had. Having dealt with crippling anxiety since childhood, I am able to breathe today. I especially loved your sense of humor and ease. You made me feel very welcome and comfortable in your office, for which I am very grateful. I will be sure to give you a call in a couple of days and would love to listen to our session if you have a chance to send the recording. Oh, and by the way, Claire would like to schedule a session with you soon! Thank you so much, Madison

Hello Charles, I can't tell you just how much you have helped me, Physically, Emotionally, and Mentally. Physically the healing has begun, I no longer have the pain and swelling, still tender in the ulcer area. Emotionally the hurt, pain, guilt, and sorrow I can talk about without the tears and feelings. Mentally I was in shock! with the Father and Mother issues. But upon looking back I can see how it all came to be my life as I had no tools or knowledge to change it. As each day goes by I'm still processing dreams that I'm having. I don't know how to explain it, but there is a difference in my outlook. You are such an amazing, gifted carrier of light. And I Truly Thank you!!

When I called Charles yesterday, he was very gracious and remembered me. I told him about the condition that I was in. He grew silent for a little while and then he would ask me if so and so was true in my life. I confirmed that it was. He went silent again, then asked me if so and so was true in my life. Again, I confirmed that it was. His insights were very keen. This went on for several more minutes. Then he asked me if I was feeling better. And I did! My grogginess had lifted and I felt physically stronger. He invited me to come to his Wednesday group later that day.

Today, I woke up before the alarm went off (VERY unusual for me) feeling clear-headed, energetic and WITH NO HEADACHE!!! This is truly amazing, nothing less than a miracle.

Working with Charles for a relatively short period of time resulted in tremendous results. I owe Charles a debt of gratitude.

..

Thank you for helping me, Charles! You shared a lot of wisdom with me during our session, and, you certainly help me more than expected! You are an amazing Healer and I've already recommended you to several people.

Charles, Immediately upon leaving my session, I felt a very real sense of relief. The burdens I had carried my entire life seemed to have been reduced to just a memory. Charles literally gave me my

life back. Never before had I known a day without guilt or anger, but that night brought a new life to me. People noticed the changes immediately as well. My life now feels wide open and the possibilities are infinite! I will recommend his services to anyone who will listen for the rest of my days. I am forever grateful for his help.

I love how Mr. Crooks nailed all my problems and allowed me to explain them. So that way he knew exactly what to get ahold of. During the actual healing processes I've always had back issue I've gone to physical therapy I've done stretches, deep tissue massage, went in 3 days a week for physical therapy nothing would work. Well Mr. Crooks fixed my back pain in 30 seconds. I've had father issues for a long time my dad passed away in 2004 when I was 5. Which he fixed all my emotions towards him. Along the session, Mr. Crooks was very nice I was myself around him there was no judgment. I personally recommend him because he has done work on three of my friends now. Plus you would be surprised the amount of anger or problems you hold inside.

## Introduction

One of the primary reasons healing systems either fail, and/or take many years and/or many re-applications to work has to do with not addressing the developed “Programs” associated with the discomfort and/or trauma of the individual. When one examines difficulties in detail, they will find the route cause, yet, a resolution appears to be out of reach. This has nothing to do with fault, and/or implied guilt, or even forgiveness, as the intellect has determined certain events are dangerous, and with this determination, the intellect locks each event in a “Cave” places guardians around it thwarting any attempt to bring resolution and release. The Intellect does this because it believes it is the only way to protect the body, its’ prime directive. Therefore, any attempt to bring resolution is considered dangerous to the intellect, whereby the intellect will block all forms of resolution, thus maintaining the status quo. However, a means is available to overcome these blocks. Once these blocks are resolved, then, the effect they have will disappear allowing the natural healing of the body and mind to occur.

### Emotional Trauma Removal

Do you have a fear? How about a belief that money and power are the path away from the “God of your heart”? Have you found that you are continuously looking to others for your validation? Do you ladies, find that every relationship you’ve had seems to attract men that are generally unable to provide support, lie, drink, and cheat? Men, the only type of women you attract are dishonest and/or dysfunctional? Have you both ladies and men found it very difficult to get people to listen and validate what you have to say? Do you have allergies? In addition to the above, do you have illnesses or back problems that seem to return month after month with no hope of permanent resolution in sight?

Have you been attacked or betrayed and are still feeling the effects, anger and/or terror of that assault?

Well, there is a solution, and it is rather simple. The Emotional Trauma Removal System that I’ve developed allows me to find the storage location of the emotional trauma associated with past events and/or realizations. Once found, I will extract and dissolve it. Where this system goes beyond others, is, that once the item is found, and is dissolved, it is permanent. The success of the session is wholly dependent on my efforts and has nothing to do with your belief. That’s all there is to it. Most individuals are relieved of their “difficulties” within one or two sessions. This work is permanent. For 79% of my clients, only one session is required!

## Testimonies

Rather than spend a lot of time trying to fully explain this system to you in a short brochure, it seems that a few testimonies are more than appropriate. Received from 2008 to 2019

**Currently, as of 2020 fully seventy-nine percent of my clients have all their items permanently dissolved in one session. Because of space restrictions, some of the testimony is abbreviated. The full text of the testimony is available on my website.**

*This letter is a follow-up to my healing session with Charles Crooks. I highly recommend Charles' healing session for Emotional Trauma removal for those that are ready to free themselves from past emotional trauma that reaches not only back to childhood but into previous lifetimes of reoccurring patterns. I had been having trouble with back issues, feeling fear about getting out into the job market along with the fear that I am not good enough, which has made me feel stalled. As we worked on each area to be cleared more areas came up to be released, similar to clearing out a closet. It was not painful and I was grateful he took the time to be thorough during our session. After the session I felt peaceful and the following day I felt renewed, optimistic and lighter. Not only was Charles enjoyable to work with, but he is thorough and professional and never judgmental, creating a feeling of openness. I am deeply grateful to have had a session with Charles and I am looking forward to moving forward in my life without my back going out and without the many fears of the past to hold me back. Thank you!!!*

*I contracted pneumonia and was very sick. I went in to the doctor on Friday and they did a lung x-ray confirming I did have pneumonia but did not put me in the hospital. Two days later even with antibiotics I could not breathe and was getting worse. So I called Charles and he worked on me remotely. The next day I went back to the doctor and they did another x-ray and were amazed that my lungs were clear!*

*I met you last year at the psychic fair and then had a private session with you. It was amazing! My girlfriend went to you afterwards and she is no longer scared of dogs. You are incredible!"*

I wanted to write and say **thank you** once again for doing whatever it is that you do during our appointment on Thursday, September 10. I'm still not sure I understand what happened but I do know that something happened. I've felt like a new man since our visit. I've heard people that survive cancer say that they never knew just how much pain they were in until their cancer went away and they were off medication, out of chemo, and free of the disease. They then realized just how much they had been hurting all the time. I feel the same way. I had no idea just how much

rage, anger, frustration, depression, unworthiness, and sadness were a part of my everyday existence until you took them away and I could experience life without them. Those strong, negative emotions - always so readily accessible to me in the past - are no longer there. In my mind I can remember them, but it's like remembering a movie I saw or a book I read. The emotion attached to those memories is no longer with me. Thank you! I feel as if I've been reborn. In many ways I'm seeing the world and relating to people for the first time - but as an adult. It's a great feeling and I'm still getting used to it. My body feels different. My perceptions have changed. My sense of what is possible for me is totally different. I'm interacting with people in new ways.

What you did is/was amazing - even more so because it didn't involve any props, or new age music, or hocus pocus, or even my belief in it. It bypassed all the logic and sensory bullxxx and went straight to the heart of the matter to get real and (I trust) lasting results.

Charles:

I have found the work we did in our last session the most effective and useful I have ever experienced. Working through the twin issues of rejection and worthlessness has offered more freedom than I ever knew. Thanks, Charles for your help!  
S.G.

After my last session with Charles, I felt like I had had about 30 years of anger dissolved in about 30 minutes. It was the oddest sensation and it felt so freeing. I still have things to resolve, or let go of, and by no means is my journey complete, but I am well on the way to the peace that I desire in my life. After all, it is already a part of my life. It is just a matter of time until I allow myself to actually feel peaceful.

So, if someone were to ask me if the work is worth the benefits and if Charles is "the real deal", I would tell you unreservedly, "YES, it is, and YES, he is". He is truly a gifted healer, and my life is richer for having met him.

The session with Charles was nothing less of amazing. He not only helped me to understand some of my past hurts, but got rid of them, and even reminded me of a dream I had regarding living in a certain state. I'm looking forward to reading his new books. If you want to feel better and lighter, make an appointment, you will be happy you did. It was the best money ever spent for my healing. Thanks Charles, patiently waiting for your new books!! Smiles! Catlyn.
